Burette	

Instruments that need to be repaired

Brand and type	Serial number	Description of defect

Repairs

It is VWR policy that all repairs till 100€/75£ will be executed without any previous notification to ensure the shortest turn-around time. In case of repairs exceeding €100 per device we will send you a quotation.

- Repair my instruments when needed when the repair cost are below the €100.
- Send me a quotation for repair first even when estimated cost of repair are below 100€.
